Art Unit: 1711

The following is an examiner's statement of reasons for allowance: The claims are allowable over Emmons, example 116, by requiring a molecular weight range for the mono-ol component that is much lower than that used by Emmons .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
